

EC400/EC405

*Wet & Dry
Cordless Vacuum Cleaner*

Wet& dry, suction and blowing

Multiple functions for various daily cleaning

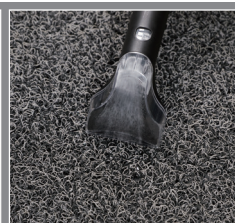

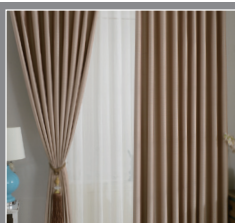

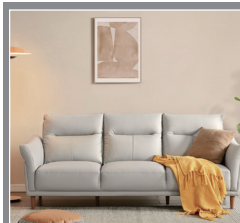

1. Car Interior Cleaning

For dust removal and cleaning of car interiors, carpets, seats, cushions, etc., making your car look brand new from the inside out.

2. Household Upholstery Cleaning

For dust removal and cleaning of carpets, sofas, blankets, curtains, mattresses, pillows, etc..

3. Industrial Dust Removal

Work with grinding tools, it can be used for industrial dust collection and removal.

Strong Suction High Efficiency

New brushless motor and supercharged turbofan to provide greater suction, quickly and efficiently suck out water and stains in sofas, fabrics, textiles, etc.

- Brushless motor: **90W/180W**
- Max. Speed: **36000/min**
- Max. Air volume: **1.6 CBM/min**
- Max. Sealing Suction: **19.8kPa**
- Dust Capacity: **3.8L**(dry vacuuming)
- Water Capacity: **5.5L**(wet vacuuming)
- Continuous Working Time: **60min**(using a B1850A battery pack)

Suction and Blowing Switching at Will

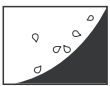

It is not only a wet and dry vacuum cleaner, but also a blower. Easily blow off dust, fallen leaves and debris.

- Attach the hose to the air inlet for wet and dry vacuuming
- Attach the hose to the air outlet and use it as a blower

*The air inlet and outlet are located on both sides of the machine

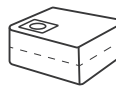

Speed Stabilizer Strong and Long-Lasting Suction

The built-in chip-controlled load feedback module maintains a constant speed in real time, ensuring strong and long-lasting suction.

Prevent Water Splash

Effectively avoid water splash, safe and reliable

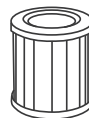

Dust Bag

High efficiency dust collection, removable

Damper(Float)

Prevent excessive water in the tank from flowing out from the air outlet

Filter Element

Filter dust and stains from air or water to ensure clean output airflow

Small Size, Light Weight

Compact design, machine net weight 2.5kg, easy to use; Work freely with a strap attached.

Battery indicator
4 indicator lights accurately display the power reserve

Switch
Two speed levels for vacuuming mode
• Speed 1: Low speed
• Speed 2: High speed

Battery socket
Open the cover and insert the battery pack

Suction hose(expandable)
Length: 60-200cm
Diameter: 39mm

Handle
Can be lifted by hand or attach a strap to it

Spray bottle

Combined basket/clip
Install directly on the machine for hose and nozzles storage

Air vent
When vacuuming, it is used for airflow output
Insert the hose into the air outlet, turn it into a blower

A Variety of Nozzles

Multiple Attachments

Equipped with a variety of interchangeable nozzles, suitable for daily multi-scene dust cleaning, taking care of the dust and stains in large areas and dead corners.

Oblique nozzle

It comes with the suction hose, for fast dust vacuuming of large areas

Flat suction nozzle

For large area dust vacuuming. Install a brush for upholstery cleaning

Crevice nozzle

For vacuuming of corners, crevices and narrow areas

Spray bottle

To contain and spray cleaning solvents

Spray bottle

Water suction nozzle

For upholstery cleaning, wet and dry vacuuming

Angle-adjustable suction nozzle

For dust vacuuming of deep gaps and corners. The angle of the brush can be adjusted freely

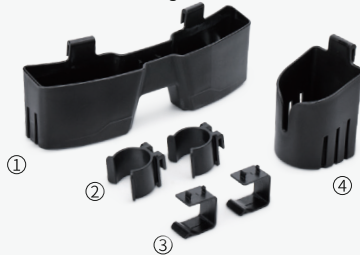

Soft flat suction tube

Long flexible tube. For deep & narrow area cleaning

Combined hanger

For convenient storage

① **Nozzle basket**
For nozzle storage

② **Hose clip**
For suction hose storage

③ **Square hook**
For long nozzle storage

④ **Spray bottle basket**
For spray bottle storage

Consumables

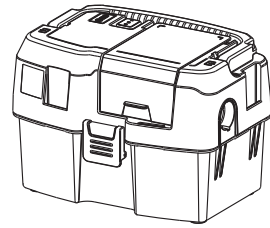

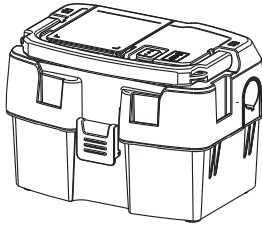

Dust bag
For dust collection.

Filter
The HEPA filter captures 99.97% of particles of 3 microns and larger, and has a good dust removal effect.

Product Spec.

Model	EC400	EC405
Voltage	18V DC	18V DC
Input Power	110W/150W	90W/180W
Motor	Brushed	Brushless
Speed		
Level 1/Low speed	28000/min	28000/min
Level 2/High speed	33000/min	36000/min
Max. Air Volume		
Level 1/Low speed	1.3 CBM/min	1.3 CBM/min
Level 2/High speed	1.6 CBM/min	1.6 CBM/min
Max. Sealing Suction (water column)		
Level 1/Low speed	7kPa	12.5kPa
Level 2/High speed	9kPa	19.8kPa
Tank Capacity		
Dry Vacuuming	3.8L	3.8L
Wet Vacuuming	5.5L	5.5L
Dimension (LxWxH)	330X230X228mm	330X230X228mm
Net Weight(machine only)	2.5kg	2.59kg
Standard accessories	suction hose, oblique nozzle, crevice nozzle, angle-adjustable nozzle, flat suction nozzle, water suction nozzle, nozzle basket, spray bottle basket, hose clip, square hook, Spray bottle, Soft flat suction tube, Adapter, Shoulder strap	

18V High-performance lithium battery pack

60min Working time

The vacuum cleaner is powered by an 18V high-performance lithium battery, long working time, cordless, no site restrictions, easy to use, a great helper for daily dust removal and cleaning.

Model	B1825A	B1850A
Battery	18V/2.5Ah	18V/5.0Ah
Weight	0.4kg	0.7kg
Working Time		
Level 1/Low speed	30min	60min
Level 2/High speed	20min	45min
Working Ambient	-20 °C ~ 75 °C	-20 °C ~ 75 °C

*Note: The specific working time is related to the speed level and load.

Rapid Charger

- 100-240V Input voltage
- Advanced MCU circuit control system
- Integrated cooling system

Model	BC181	BC182
Voltage	100-240 V~ 50/60Hz	100-240 V~ 50/60Hz
Rated Power	90W	160W
Output	18VDC, 4.0Amps	18VDC, 6.5Amps
Weight	0.46kg	0.85kg
Working Ambient	0 °C ~ 45 °C	0 °C ~ 45 °C
Charging Time		
2.5Ah	50-60min	35-50min
5.0Ah	90-100min	45-60min
